

2024-2025 Catalog

Pediatric Emergency Medicine-Jacksonville

EMD E 1J | 4th Year Elective | Emergency Medicine | Clinical Science | Jacksonville

MDT 7710 | Pediatric Emerg Med Jax

Prerequisites

Offered to fourth year medical students.

Course Description

The Pediatric Emergency Medicine Clerkship is a four-week experience that takes place primarily in the pediatric emergency department at UF Health-Jacksonville. During this rotation, you will be interacting directly with Pediatric Emergency Medicine fellows, EM & Pediatric residents and PEM faculty. We hope the clerkship will be a rewarding clinical experience. Depending upon roster load, it is possible you may be assigned a few adult shifts.
